

Easter Services Held Sunday at Steelhead Church

STEELHEAD—The Easter Holy Communion service at St. Paul's was well attended. Rev. G. Pattison's sermon was based on the linen cloth that was wrapped around the Saviour's head before He was placed in the tomb after the Crucifixion.

The congregation of St. Paul's is very grateful to the anonymous donor who gave new prayer books to the little church. Thanks are also extended to Rev. Mr. Pattison for his journey to Steelhead after a busy day.

Steelhead hall has a finished floor at last, thanks to a few hard working men who worked so faithfully.

There will be a house warming Saturday, March 23 at 8 p.m. at the hall for all members and their children. Members are asked to bring their membership cards with them and new members will be welcomed. The fee is \$1 per year.

This will be an opportunity to see the hall and offer suggestions for future entertainment and money raising projects.

It has been reported that batteries, etc., were stolen from municipal equipment at Minnie's pit at Steelhead last week. This is the second theft of this nature. Doerkson's bulldozer had parts stolen from it when left during logging operations at Steelhead.

Mrs. Tony Visnoski's brother and sister-in-law, Mr. and Mrs. Art Blackham of Abbotsford, have just returned from a holiday at Hawaii. They were very thrilled with all they saw but report things quite expensive.

Mr. and Mrs. Gerry Smith, John and Stephanie visited their friends Mr. and Mrs. E. Tucker at Lake Errock, Sunday.

Mr. and Mrs. T. Visnoski visited Mr. and Mrs. Stevens at Matsqui over the weekend. Mr. and Mrs. Stevens are the parents of Mrs. Elsa Campbell, a former Steelhead resident now living in Prince George.

Mr. Webb is home from an extended holiday in Saskatchewan where he visited with relatives. He reports temperatures of 40 degrees below zero and says Steelhead is the best place to live in after all.

Mr. and Mrs. George Burden visited Mr. Burden's parents at Aldergrove over the weekend.

Earl Hawkins, better known as "Tommy" to his friends, has joined the navy and expects to move to Ontario for training.

John Milton O'Connell was a visitor at his step-father's home Sunday. John works in a paper factory at Vancouver.

Mr. and Mrs. Fred La Marsh of Hope were visitors at the home of Mr. and Mrs. A. D. Cameron over the weekend.—M.R.S.

'Grand Opening' Planned By Steelhead Hall Group

held its first members' meeting in the new hall, Saturday, March 24, with John O'Connell, president in the chair.

Mr. O'Connell gave a report on the building of the hall from the decision to build at a meeting held June 21, 1955. A resident of Steelhead, who wishes to remain anonymous, most generously donated the land and the following executive took the responsibility of building the hall: Mr. O'Connell, president; Walter Bury, secretary-treasurer; Mr. P. Hammer Sr., Scotty Engells, Frank Hayes and Bud Hards.

First clearing took place July 12, 1955 with women and children playing a big part in this effort. Mr. O'Connell read a long list of names of people who had helped and also praised the Ladies' Auxiliary for its generous donation of \$350 with more to come.

The hall was, in the opinion of everyone present, just what was needed. There just remains the finishing touches and the furnishings.

Following the adjournment of this meeting the newly elected entertainment committee, headed by Mr. O'Connell, met in its first session. Serving with Mr. O'Connell are Mrs. G. Smith, secretary; Mrs. M. Hayes, Scotty Engells and Tony Visnoski. They will make all arrangements for the Grand Opening Dance to take place in the hall April 21.

Honeymoon Lodge Proposed for Steelhead Area

A project to erect first units of a Honeymoon Lodge on a forty-acre site on Dewdney Trunk Road near Steelhead was submitted to Municipal Council on Wednesday evening.

Proprietor of Hoyer's Reception Hall and Studio, Kingsway, Burnaby, said he had started clearing the site but wished council approval before building on it.

He had in mind, he said, a two-storey main building of 20 rooms with lounge and dining room, eventually a number of cabins, swimming pool or small lake and riding trails on the property. One storey of the building, to contain 10 units, might be built first.

There was a need, he said, for a moderate-priced, quiet and well run lodge for newly-married couples who could not afford the rates of the larger resorts.

Council took the project under consideration.

AUXILIARY RAISES FUNDS

Steelhead Plans Opening Of New Community Hall

STEELHEAD—Women's Auxiliary to the Building Committee of Steelhead Community Hall met Wednesday, January 25 at the home of Mrs. Finkhuber. It was decided to hold a whist drive February 3 at the home of Mrs. George Burden, playing to commence at 7 p.m.

Receipts from the rummage sale were disappointing but the members decided to try again in the Spring.

There was a lively discussion on the furnishing of the kitchen at the new hall with considerable enthusiasm shown by the members concerning color schemes and equipment.

It was learned that the all-man committee of the hall hope to be able to have the opening next month.

The resignation of Mrs. Harvey Aune as secretary-treasurer was received with regret as she has done a splendid job since taking office. Mrs. Walter Bury was elected to replace Mrs. Aune.

Dainty refreshments were served by the hostess at the conclusion of the business session.

The Auxiliary will meet Thursday, February 9 at the home of Mrs. O'Connell.

Mr. Victor Visnoski became a

great-grandfather January 15 when a son, Stephen, was born to Mr. and Mrs. Harold Visnoski.

The parochial meeting of St. Paul's Church was held in the Steelhead school Friday evening and opened with prayer by Rev. G. Pattison.

Financial statement was given by Mr. Tom Fussell who was elected as warden. Mr. Fussell was thanked for the work he does so faithfully each year. The members learned with regret that Mrs. Grinstead, their faithful organist, had been quite sick and Mrs. G. Smith, secretary, was asked to send flowers to her on behalf of the members.

The minutes of the Church Building Fund were read by Mrs. Smith and it was learned that money had been raised by several ladies in the district making and selling aprons. This money had gone to help repair the little church. The Synod in Vancouver had been impressed by these efforts and paid the biggest part of the cost of repairs. The work had been undertaken by Mr. Bud Roberts and his son, Sydney. The roof had also been re-shingled.

The church has no janitor since Mrs. Thomas moved to Mission City but the ladies promised they would see the church was made ready each month for the services.

Mrs. Hayes heads the Altar Guild and it was once more suggested that flowers be given in

to plan flowers for anybody wishing this done.

The cabin opposite the Steelhead Service Station was burned to the ground last Saturday. It was owned by Mr. Tom Russell and occupied by Mr. and Mrs. Mossiman. An overheated stove is believed to have been the cause of
